# Contents

## Chapter 1 Anatomy

*B. Kantelip and C. Creuzot-Garcher*

**Introduction** ..... 3

**Anatomy** ..... 3
The Conjunctiva ..... 3
The Palpebral Conjunctiva ..... 3
The Conjunctival Cul-de-sac, or Fornix ..... 3
The Bulbar Conjunctiva ..... 4
The Conjunctival Glands ..... 4
Serous Glands ..... 4
Mucous Glands ..... 4

**Histology and Ultrastructure** ..... 4
General Architecture ..... 4
Epithelium ..... 5
Basal Cells ..... 5
Intermediate Cells ..... 5
Superficial Cells ..... 6

**Focus 1 Conjunctival** ..... 7

**Applications** ..... 7
References ..... 7

**Focus 2 The Tear Film** ..... 8

**Functional Anatomy** ..... 8
1. Lipid Layer ..... 8
2. Aqueous Layer ..... 8
3. Mucus Layer ..... 8

**Role** ..... 9

**Laboratory Investigations** ..... 9
References ..... 9

**Focus 3 Mucus** ..... 12

**Composition** ..... 12
1. Secreted Mucins ..... 12
2. Membrane Mucins ..... 12

**Laboratory Investigations** ..... 12
1. Periodic Acid-Schiff Stain–Alcian Blue ..... 12
2. Lectins ..... 12
3. Immunohistochemical Methods ..... 13
4. Molecular Biology ..... 14

**Origin** ..... 14

**Functions** ..... 14
References ..... 14

Mechanisms of Epithelial Adhesion ..... 16
Mechanical System ..... 16
Molecular Interactions: Adhesion Molecules ..... 18
The Chorion ..... 20
Fibroblasts ..... 20
Fibers ..... 21
Immunocompetent Cells and Cytokines ..... 22
Ground Substance ..... 22

**Vascular Supply** ..... 22
Blood Vessels ..... 22
Arteries ..... 22
Veins ..... 22
Capillaries ..... 22
Lymphatic Vessels ..... 22

**Nerve Supply** ..... 23
Sensory Innervation ..... 23
Sympathetic Innervation ..... 23
Parasympathetic Innervation ..... 23
References ..... 23

## Chapter 2 Ocular Surface Defense Mechanisms

*C. Baudouin, F. Becquet, M. Saint-Jean, B. Kantelip, and F. Deschamps*

**The Inflammatory Reaction** ..... 27

**Main Actors of Inflammation** ..... 28
Dendritic Cells and Langerhans Cells ..... 28
Macrophages ..... 31
Lymphocytes ..... 31
B Lymphocytes ..... 32
T Lymphocytes ..... 32
The Th1/Th2 System ..... 32
Interactions of T and B Lymphocytes with Antigen-Presenting Cells ..... 33
Mucosa-Associated Lymphoid Tissue ..... 33
Mast Cells ..... 33
Polymorphonuclear Eosinophils ..... 35

**The Weapons: Cytokines and Chemical Mediators** ..... 36
Inflammatory Cytokines ..... 36
Immunoglobulins ..... 36

Complement System ..... 38
Free Radicals ..... 39

**The Battle Plan: Tactics and Strategies** ..... 39
Antigen Presentation ..... 39
Humoral and Cellular Responses ..... 39
Types of Hypersensitivity
(Gell and Coombs Classification) ..... 40
Type I Hypersensitivity ..... 40
Type II Hypersensitivity, or Antibody-Dependent Cytotoxicity ..... 40
Type III Hypersensitivity ..... 40
Type IV (Delayed Type) Hypersensitivity ..... 40

**Local Strategies—Defensive Organization of the Conjunctiva and Cornea** ..... 41
The Tear Film ..... 41
The Conjunctiva ..... 41

Focus 4 Laboratory Investigations of Conjunctival Inflammation ..... 42

1. Conjunctival Biopsy ..... 42
2. Conjunctival Impression Cytology ..... 42
3. IgE Assay in Tears ..... 42
4. Blood Protein and Circulating Autoantibody Profiles . 43
References ..... 43

Focus 5 Conjunctival Impression Cytology ..... 44

Focus 6 Apoptosis in the Conjunctiva ..... 45

References ..... 46

Epithelium ..... 47
Stroma ..... 47
Mast Cells ..... 48
Other Inflammatory Cells ..... 48
The Cornea ..... 48
References ..... 49

## Chapter 3 Allergic Conjunctivitis

*D. Hannouche and T. Hoang-Xuan*

**Clinical Entities** ..... 53
Hay Fever Conjunctivitis ..... 53
Epidemiology ..... 53
Clinical Features ..... 53
Differential Diagnosis ..... 53
Pathogenesis ..... 53
Perennial Allergic Conjunctivitis ..... 53
Epidemiology ..... 53
Clinical Features ..... 53
Differential Diagnosis ..... 53
Pathogenesis ..... 54
Vernal Conjunctivitis ..... 54
Epidemiology ..... 54
Clinical Features ..... 54
Differential Diagnosis ..... 54
Pathogenesis ..... 55
Atopic Keratoconjunctivitis ..... 55
Epidemiology ..... 55
Clinical Features ..... 56
Differential Diagnosis ..... 56
Pathogenesis ..... 56
Giant Papillary Conjunctivitis ..... 56
Epidemiology ..... 56
Clinical Features ..... 57
Differential Diagnosis ..... 57
Pathogenesis ..... 57
Contact Conjunctivitis ..... 58

**Laboratory Work-up** ..... 58
IgE Assay in Tears ..... 58
Skin Tests ..... 58
Conjunctival Allergen Challenge ..... 58
Impression Cytology ..... 58
Miscellaneous ..... 59

**Therapy** ..... 59
Environmental Control ..... 59
Symptomatic Measures ..... 59
Drug Therapy ..... 59
Topical Vasoconstrictors ..... 59
Antihistamines ..... 60
Mast Cell Stabilizers ..... 60
Topical Corticosteroids ..... 61
Nonsteroidal Antiinflammatory Drugs ..... 61
Cyclosporine ..... 62
Miscellaneous ..... 63
Immunotherapy ..... 63
Indications ..... 63
Hay Fever Conjunctivitis and Perennial Allergic Conjunctivitis ..... 63
Vernal Keratoconjunctivitis ..... 64
Atopic Keratoconjunctivitis ..... 65
Giant Papillary Conjunctivitis ..... 66
References ..... 66

## Chapter 4 Fibrosing Conjunctivitis

*H. Robin and T. Hoang-Xuan*

**Autoimmune Fibrosing Conjunctivitis** ... 73
Background ... 73
Epidemiology ... 73
Pathogenesis ... 73
Clinical Aspects of Conjunctival Fibrosis ... 73
Laboratory Investigations ... 75
Pathology ... 75
Direct Immunolabeling ... 76
Circulating Antibodies ... 78
Causes ... 79
Conjunctivitis Associated with Autoimmune Bullous Dermatoses ... 79
Pure Ocular Cicatricial Pemphigoid ... 83
Presumed Drug-Induced Ocular Cicatricial Pemphigoid ... 83
Therapy ... 84
Principles ... 84
Medical Therapy ... 84
Surgical Therapy ... 86

**Nonautoimmune Fibrosing Conjunctivitis** ... 87
Causes ... 87
Stevens–Johnson Syndrome ... 87
Classification—Pathogenesis ... 87
Epidemiology ... 87
Immunopathology ... 88
Clinical Aspects ... 88
Therapy ... 90
References ... 91

## Chapter 5 Ocular Rosacea

*T. Hoang-Xuan*

**Epidemiology** ... 99

**Pathogenesis** ... 100
Anatomy of the Meibomian Glands ... 100
Meibomian Secretion ... 101
Physiology ... 101
Biochemistry ... 101
Models ... 101
Mechanisms ... 101
Classification ... 102

**Clinical Aspects** ... 103
The Eyelid–Conjunctival Complex ... 103
Complications ... 103

**Differential Diagnosis** ... 105
Tear Deficiency–Induced Dry Eye Syndrome ... 106
Ocular Allergy ... 106
Toxic Conjunctivitis ... 106

**Treatment** ... 106
Lid Hygiene ... 106
Antibiotic Treatment ... 106
References ... 107

## Chapter 6 Acute Conjunctivitis

*D. Hannouche and T. Hoang-Xuan*

**Clinical Features** ... 111

**Bacterial Conjunctivitis** ... 111
Superacute Bacterial Conjunctivitis ... 112
Causes ... 112
Laboratory Investigations ... 112
Therapy ... 112
Acute Bacterial Conjunctivitis ... 112
Causes ... 112
Laboratory Investigations ... 113
Therapy ... 113
Parinaud's Oculoglandular Syndrome ... 113

**Neonatal Conjunctivitis** ... 113
Epidemiology ... 113
Causes ... 114
Gonococcal Conjunctivitis ... 114
Chlamydia Trachomatis Conjunctivitis ... 114
Herpetic Conjunctivitis ... 114
Opportunistic Conjunctivitis ... 114
Candida Conjunctivitis ... 114
Toxic Conjunctivitis ... 114
Laboratory Investigations ... 114
Therapy ... 114
Gonococcal Conjunctivitis ... 114
Chlamydial Conjunctivitis ... 114
Herpetic Conjunctivitis ... 114

**Viral Conjunctivitis** ... 115
Adenoviral Keratoconjunctivitis ... 115
Epidemiology ... 115
Causes ... 115
Differential Diagnosis ... 115
Laboratory Investigations ... 115
Therapy ... 115
Herpetic Conjunctivitis ... 116
Epidemiology ... 116
Clinical Aspects ... 116
Laboratory Investigations ... 116
Therapy ... 116

Epstein–Barr Virus Conjunctivitis ..... 116
Epidemiology ..... 117
Clinical Aspects ..... 117
Laboratory Investigations ..... 117
Therapy ..... 117
Varicella-Zoster Virus Conjunctivitis ..... 117
Epidemiology ..... 117
Clinical Aspects ..... 117
Laboratory Investigations ..... 117
Therapy ..... 117
Molluscum Contagiosum Conjunctivitis ..... 117
Epidemiology ..... 117
Clinical Aspects ..... 117
Laboratory Investigations ..... 118
Therapy ..... 118
Papillomavirus Conjunctivitis ..... 118
Epidemiology ..... 118
Clinical Aspects ..... 118
Laboratory Investigations ..... 118
Therapy ..... 118
Acute Hemorrhagic Conjunctivitis ..... 118
Epidemiology ..... 118
Clinical Aspects ..... 118
Laboratory Investigations ..... 119
Therapy ..... 119
Other Forms of Viral Conjunctivitis ..... 119
References ..... 119

## Chapter 7 Chlamydial Conjunctivitis

*C. Creuzot-Garcher and V. Guerzider*

**Historical Background** ..... 123

**General Considerations** ..... 123
Nomenclature ..... 123
Bacteriology ..... 123
The Chlamydial Life Cycle ..... 123
The Elementary Body ..... 123
The Reticulate Body ..... 124
The Intermediate Body ..... 124
Immunity ..... 124

**Clinical Aspects** ..... 124
Chlamydia trachomatis ..... 124
Trachoma ..... 124
Adult Inclusion Conjunctivitis ..... 125
Neonatal Inclusion Conjunctivitis ..... 126
Reiter's Syndrome ..... 126
Lymphogranuloma Venereum ..... 127
Miscellaneous ..... 127
Chlamydia Psittaci ..... 127
Chlamydia Pneumoniae ..... 127

**Laboratory Investigations** ..... 127
Direct Diagnosis ..... 127
Cell Culture ..... 128
Direct Immunofluorescence ..... 128
Immunoenzymatic Techniques (ELISA) ..... 129
Polymerase Chain Reaction ..... 129
Hybridization Probes ..... 129
Indirect Diagnosis ..... 129
Complement Fixation ..... 129
Microimmunofluorescence ..... 129
Immunoenzymatic Techniques (ELISA) ..... 129
Guidelines ..... 129

**Therapy** ..... 130
Trachoma ..... 130
Medical Therapy ..... 130
Surgical Therapy ..... 130
Adult Inclusion Conjunctivitis ..... 130
Neonatal Inclusion Conjunctivitis ..... 130
Other Conditions ..... 130

**Conclusion** ..... 131
References ..... 131

## Chapter 8 Iatrogenic Disorders of the Ocular Surface

*C. Baudouin*

**Pathogenesis** ..... 135
Allergic Mechanisms ..... 135
Immunological Mechanisms ..... 135
Irritants and Toxic Effects ..... 135
Indirect Mechanisms ..... 136

**Clinical Aspects** ..... 136
The Eyelids ..... 136
The Conjunctiva ..... 136
The Cornea ..... 137
Presumed Drug-Induced Ocular Cicatricial Pemphigoid . 137

**Laboratory Investigations** ..... 137
Conjunctival Biopsy ..... 137
Conjunctival Scraping and Smears ..... 137
Impression Cytology ..... 137
IgE Assay in Tears ..... 137
Skin Tests and Conjunctival Allergen Challenge ..... 138

**Iatrogenic Drugs** ..... 138
Topical Anesthetics ..... 138
Mydriatic and Cycloplegic Agents ..... 138
Antibiotics ..... 139
Antivirals ..... 139
Steroidal and Nonsteroidal Antiinflammatory Drugs .... 139
Antiglaucoma Drugs ..... 139
Preservatives ..... 140

**Conclusions** ..... 141
References ..... 141

## Chapter 9 Systemic Diseases and Conjunctivitis

*C. Creuzot-Garcher*

**Background** ..... 145

**Review of Systemic Diseases** ..... 145
Locomotor Diseases ..... 145
Reiter's Syndrome and HLA-B27–Associated Reactive Arthritis ..... 145
Relapsing Polychondritis ..... 145
Rheumatoid Arthritis ..... 145
Connective Tissue Diseases ..... 146
Systemic Lupus Erythematosus ..... 146
Progressive Systemic Sclerosis ..... 146
Sjögren's Syndrome ..... 147
Vasculitides ..... 148
Wegener's Granulomatosis ..... 148

Focus 7 Ocular Surface in Dry Eye Syndrome ..... 149

References ..... 149

Polyarteritis Nodosa ..... 150
Giant Cell Arteritis ..... 150
Metabolic Disorders and Intoxications ..... 150
Amylosis ..... 150
Vitamin Deficiencies ..... 150
Endocrine Diseases ..... 150
Hyperthyroidism ..... 150
Hypoparathyroidism ..... 150
Multiple Endocrine Neoplasms ..... 151
Diseases of the Digestive Apparatus ..... 151
Hepatic Diseases ..... 151
Gastrointestinal Diseases ..... 151
Blood Diseases ..... 151
Graft-Versus-Host Disease ..... 151
Conjunctival Complications of Immunosuppressive Chemotherapy ..... 151
Infectious Diseases ..... 151
Brucellosis ..... 151
Tularemia ..... 152
Tuberculosis ..... 152
Leptospirosis ..... 152
Lyme Disease ..... 152
Syphilis ..... 152
Viral Diseases ..... 153
Immunological Diseases ..... 153
Polymyositis-Dermatomyositis ..... 153
Sarcoidosis ..... 153
Cogan's Syndrome ..... 154
Skin Diseases: Psoriasis ..... 154

**Differential Diagnosis** ..... 154
Gout ..... 154
Porphyria ..... 154
Hematological Disorders ..... 154
Polycythemia ..... 154
Malignant NonHodgkin's Lymphoma ..... 154
Immune Deficiencies other than AIDS ..... 155
Kawasaki Disease ..... 155
Kidney Disorders ..... 155
Hereditary Hemorrhagic Telangiectasia: (Rendu–Osler–Weber Syndrome) ..... 155

**Practical Management** ..... 155
Conjunctivitis and Ear, Nose, and Throat–Involvement (Deafness, Sinusitis) ..... 156
Conjunctivitis and Fever ..... 156
Conjunctivitis and Arthralgia ..... 156
Dry Eye Syndrome and Arthralgia ..... 156
Sjögren's Syndrome ..... 156
Dacryoadenitis and Parotiditis ..... 156
Recurrent Infectious Conjunctivitis (No Local Cause) ..... 156
Conjunctivitis and Gastrointestinal Disorders ..... 156
Conjunctivitis and Raynaud's Phenomenon ..... 156
Conjunctivitis and Skin Conditions ..... 156
Granulomatous Conjunctivitis and Lymphadenopathies ..... 156

**Indications of Conjunctival Biopsy** ..... 156
References ..... 156

Focus 8 Role of Inflammation in Dry Eye Syndrome ..... 157

**Pathogenesis** ..... 157

**Clinical Aspects** ..... 158
Sjögren's Syndrome ..... 158
Dry Eye Syndrome Associated with Allergy ..... 158
Dry Eye Syndrome Associated with Infections ..... 158
Toxic Dry Eye Syndrome Induced by Eyedrops ..... 158

**Therapy** ..... 159
Tailored Therapy ..... 159
Antiinflammatory and Immunosuppressive Drugs ..... 159
Androgens ..... 160
References ..... 160

## Chapter 10 Superior Limbic Keratoconjunctivitis

*T. Hoang-Xuan*

**Epidemiology** ..... 165

**Clinical Aspects** ..... 165

**Pathology** ..... 165

**Pathogenesis** ..... 165

**Treatment** ..... 166
References ..... 166

## Chapter 11 Ligneous Conjunctivitis

*T. Hoang-Xuan*

**Epidemiology** ..... 169

**Clinical Aspects** ..... 169

**Pathology** ..... 170

**Pathogenesis** ..... 170

**Treatment** ..... 170

References ..... 171

**Index** ..... 173
