Contents

1. Introduction

1.1 Introduction 1
H.W. Schreiber, F.M. Steichen, E. Kraas

1.2 Minimally Invasive Surgery and Videolaparoscopic Surgery 2
H.W. Schreiber, F.M. Steichen, E. Kraas
Surgical Strategy 2

2. Instruments and Methods

2.1 Three-Dimensional Optics in Clinical Practice 6
H.P. Bruch, T.H.K. Schiedeck
Clinical Application 6
Advantages and Disadvantages of 3-D Optical System 6
2.2 Access and Exposure Techniques in Laparoscopic Surgery 9
L. Galibert, D.B. Earle, F.M. Steichen, G. Stringel
Summary 9
2.3 Joining and Sealing Tissues and Hollow Organs 24
D.B. Earle, L.A. Galibert, M.A.. Hopkins, F.M. Steichen
2.4 Gasless Laparoscopy 51
V. Paolucci, A. Encke
2.5 Anesthesia in Videolaparoscopic Surgery 54
D. Kettler

3. Laparoscopic Exploration, Diagnosis, and Staging

3.1 Visual Exploration of the Peritoneal Cavity 59
F. Götz, A. Pier
3.2 Diagnostic Laparoscopy for Trauma 61
H. Feussner
3.3 Laparoscopy for the Acute Abdomen 68
A. Metzger, K. Schönleben, Ch. Klaiber
3.4 Laparoscopy for Peritonitis 71
E. Löhde, E. Kraas
3.5 Comments on Laparoscopy for the Acute Abdomen . 74
M.–E. Arregui
3.6 Diagnostic Laparoscopy for Tumors 75
H. Feussner
3.7 Staging of Neoplastic Disease with Ultrasound 76
M. Birth, H.–F. Weiser
3.8 Comments on Laparoscopic Ultrasonography for Staging 81
G. Van Stiegmann
3.9 Visual Exploration of the Pelvic Organs in Women . 82
W. Jonat

4. Laparoscopic Cholecystectomy

4.1 Retrograde Cholecystectomy 85
F. Götz, A. Pier
4.2 Anterograde Cholecystectomy 117
F. Köckerling
4.3 Alternate Method of Gallbladder Retrieval 119
F. Köckerling
4.4 Comments on Laparoscopic Cholecystectomy 126
G. Berci

5. Extrahepatic Bile Ducts: Diagnosis and Treatment

5.1 Ultrasonography of the Bile Ducts 128
M. Birth, H.–F. Weiser
Ultrasound Technique 129
5.2 Intraoperative Cholangiography 133
A. Pier, F. Götz
5.3 Comments on Intraopertive Cholangiography 136
B.V. MacFadyen, Jr.
5.4 Intraluminal Endoscopic Common Bile Duct Exploration and Stone Retrieval 137
N. Soehendra
5.5 Common Bile Duct Exploration and Stone Removal . 142
F. Götz, A. Pier
5.6 Laparoscopic Cholecystojejunostomy 148
L.U. Jung, M.S. Rangraj, C.A. Schneider, V. Maffucci
5.7 Comments on Laparoscopic Biliary Operations

6. Laparoscopic Approach to the Spleen and Liver

6.1 Splenectomy 155
F. Köckerling, C. Zornig
6.2 Comments on Laparoscopic Splenectomy 160
J.J. Jakimowicz
6.3 Comments on Laparoscopic Splenectomy 161
R.J. Rosenthal
6.4 Fenestration of Large Splenic Cysts 162
F. Köckerling, A. Emmermann
6.5 Fenestration of Hepatic Cysts 166
F. Köckerling, A. Emmermann

7. Intra-abdominal and Endoluminal Gastric Operations

7.1 Closure of Peptic Ulcer Perforation 169
A. Pier, F. Götz
7.2 Laparoscopically-Assisted Gastric Resection 174
C.A. Schneider, M.F. Gioscia, L.U. Jung, F.M. Steichen
7.3 Combined Laparoscopic and Endoscopic Gastric Wedge Resections 182
S.D. Potter, H.K. Yang, C.A. Schneider, R. Karanfilian
7.4 Gastrostomy 185
K. Schönleben
7.5 Endoscopic Intraluminal Gastroduodeno-Pancreatic Cystostomy 188
N. Soehendra
7.6 Combined Endoluminal and Open Gastric Operation
L.U. Jung, S.D. Potter, H. Rajdeo, K. Bhuta, L.R.M. Del Guercio 190

8. Vagotomy and Drainage Procedures

8.1 Indications for Vagotomy 194
A. Pier, F. Götz
8.2 Posterior Truncal Vagotomy and Denervating Anterior Linear Strip Gastrectomy 197
G. Meyer, T.P. Hüttl, F.W. Schildberg
8.3 Selective Proximal Vagotomy 206
A. Pier, F. Götz
8.4 Posterior Truncal Vagotomy and Anterior Gastric Seromyotomy (Taylor 1985) 214
A. Pier, F. Götz
8.5 Anterior and Posterior Truncal Vagotomy and Pyloroplasty 217
A. Pier, F. Götz
Abdominal Truncal Vagotomy 217
8.6 Laparoscopically Guided Truncal Vagotomy and Assisted Pyloroplasty Using a Circular Stapler 222
S.D. Potter, L.U. Jung, H. Yang
8.7 Gastrojejunostomy 227
K. Schönleben
8.10 Comments on Thoracoscopic Truncal Vagotomy 237
F. Dubois

9. Operations on the G.-E. Junction

9.1 Nissen Fundoplication 238
A. Pier, F. Götz
9.2 Fundoplication and Partial Fundoplication Techniques 246
K.-H. Fuchs
9.3 Comments on Nissen Fundoplication 255
J. H. Peters, T. R. DeMeester
9.4 Gastropexy in Paraesophageal Hiatus Hernia Repair 257
F. Köckerling
9.5 Cardiomyotomy and Fundoplasty for Achalasia 262
H. Feussner
9.6 Ligamentum Teres Sling of the Gastroesophageal Junction and Hiatus Hernia Repair 267
F. Köckerling
9.7 Laparoscopically Guided Gastric Banding for Morbid Obesity 271
U. Kunath
9.8 Comments on Gastric Banding for Morbid Obesity 278
A. Pier, G. Abtahi
9.9 Alternative Operative Techniques for Gastro-Jejunal Bypass in Morbid Obesity
F.J. Borao, T.A. Thomas, E.J. Hagopian, C. Mann, J. Teixeira 283

10. Appendectomy and Small Bowel Procedures

10.1 Appendectomy 291
F. Götz, A. Pier, R. Eichen
10.2 Comments on Laparoscopic Appendectomy 307
K. Rückert
10.3 Comments on Laparoscopic Appendectomy 308
R.–J. Fitzgibbons
10.4 Meckel's Diverticulectomy 309
F. Götz, A. Pier
10.5 Small-Bowel Resection 316
K. Schönleben
10.6 Laparoscopic Lysis of Adhesions 320
A. Pier, F. Götz
10.7 Creation of a Loop Ileostomy 329
F. Köckerling

11. Laparoscopically-Assisted Large Bowel Procedures

11.1 Creation of an Intestinal Stoma 334
G. Götz, A. Pier
Sigmoid Colostomy 338
Creation of a Terminal Colostomy 340
11.2 Laparoscopically-Assisted Right Hemicolectomy 342
L.U. Jung, C.A. Schneider, H. Yang, A.E. Roth
11.3 Resection of Sigmoid Colon 348
F. Köckerling, I. Gastinger
Indications 348
11.4 Laparoscopically Assisted Left Hemicolectomy 357
L.U. Jung, H. Yang, S.D. Potter, M. Berry
11.5 Combined Endoluminal and Open Colon Procedure . 362
S.D. Potter, H. Rajdeo, K. Bhuta, L.R.M. Del Guercio

12. Laparoscopically-Guided/Assisted Colo-Rectal Procedures

12.1 Repair of Perforations of the Colon and Rectum 364
F. Köckerling
12.2 Repair of Rectal Prolapse 367
F. Köckerling, I. Gastinger
12.3 Laparoscopic Second Stage Hartmann Procedure ... 375
S.D. Potter, C.A. Schneider, J.C. Iraci, V.A. Marrero
12.4 Laparoscopically Assisted Anterior Resection and Recto-Sigmoidostomy 379
S.D. Potter, C.A. Schneider, M.Rangraj, R. Welter
12.5 Abdominoperineal Excision or Amputation of the Rectum (with High Ligation of the Inferior Mesenteric Artery) 387
F. Köckerling, I. Gastinger
12.6 Comments on Laparoscopic Colorectal Surgery 402
M.E. Franklin, Jr.
12.7 Comments on Laparoscopic Colorectal Surgery 404
S.D. Wexner

13. Inguinal Hernia Repair

13.1 Videoendoscopic Preperitoneal Hernia Repair 410
E. Schippers, V. Schumpelick
13.2 Laparoscopic Transabdominal Preperitoneal Inguinal Hernia Repair 417
F. Köckerling
13.3 Complicated Laparoscopic Hernia Repair: Avoiding Complications and Recurrence in Clinical Practice 424
R. Bittner, B. Leibl, and M. Butters
Intraoperative Technical Difficulties 424
Prevention of Complications and Hernia Recurrences 433
13.4 Comments on Laparoscopic Hernia Repair 435
V. Schumpelick

14. Closing Commentaries

14.1 Analysis and Prevention of Untoward Events in Laparoscopic Surgery 437
H. Troidl
Prevention of Errors in Endoscopic Surgery 438
Videoendoscopic Surgery: A Matter of Acquired Skills and Continuous Experience 439
Prevention of Errors in Specific Laparoscopic Situations 439
14.2 Pneumoperitoneum-Associated Alterations and Risk Factors in Laparoscopic Surgery 444
C. Bloechle, T. Strate, C. Busch, J.R. Izbicki
Effect of Pneumoperitoneum on the Cardiovascular and Pulmonary System 444
Pneumoperitoneum and Abdominal Sepsis 446
Postoperative Recovery 447
14.3 Minimally Invasive Surgery by Video-Endoscopic Techniques: New Technology Rejuvenates Proven Concept 448
F.M. Steichen, J.M. Loubeau, B. Herz, E.B. Sottile
Goals of Minimally Invasive Surgery by Video-Endoscopy 449
Value Assessment of Laparoscopic Procedures 449
Video-Endoscopically Guided Organ Excision: Laparoscopic Cholecystectomy 450
Videoendoscopically Assisted Organ Excision and Reconstruction: Segmental or Hemicolectomy and Colo-Rectal Procedures 450
Videoendoscopically Guided Reconstruction Only: Inguinal Hernia Repair 451
Conclusions 452
